About USANA

USANA (NYSE: USNA) creates premium nutritional products built on one simple idea: if you feed the cells in your body exactly what they need, your health will benefit. This concept fuels our endless drive to innovate and advance the science of nutrition—putting a healthy, happy life within reach for all.

Our Founder

USANA was founded in 1992 by Dr. Myron Wentz, an internationally recognized microbiologist and immunologist. Propelled by the premature and preventable death of his father in 1957, Dr. Wentz has spent his entire adult life seeking to create the most advanced dietary supplements science can produce. Prior to USANA, Dr. Wentz founded Gull Laboratories in 1974 and is well known for creating the first commercially available diagnostic test for the Epstein-Barr virus.

“I dream of a world free from the pain and suffering of degenerative disease. Share my vision. Love life and live it to its fullest in happiness and health.”

—Dr. Myron Wentz, visionary, scientist, and philanthropist

Quality Standards

USANA's manufacturing facilities follow Good Manufacturing Practices (GMP) for dietary supplements. We rigorously test our products and strictly adhere to procedures and documentation not followed by other supplement companies. We also create, test, produce, and store the majority of our products at our state-of-the-art facility in Salt Lake City, Utah.

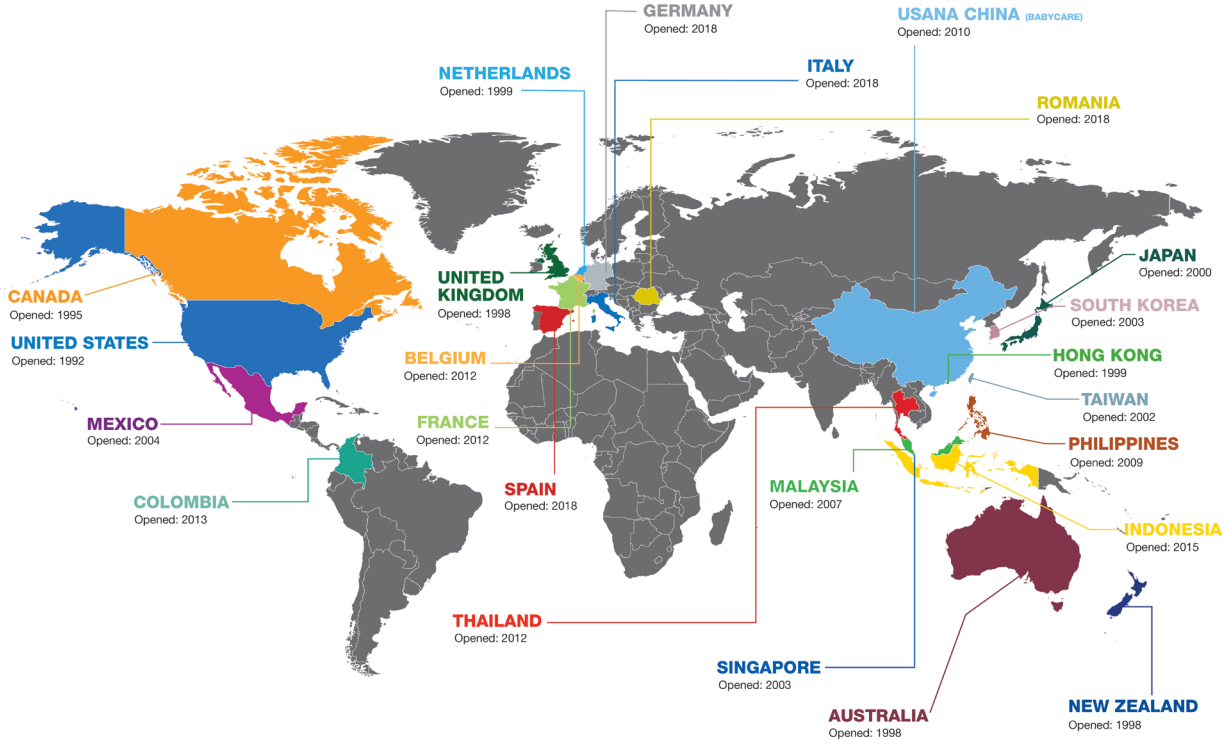

USANA is committed to the highest standards of product design and manufacturing, and we guarantee the potency of every nutritional product we sell.

International Business

USANA operates in 24 diverse markets around the world, meaning you can influence people all over the globe as you grow your own international business.

USANA Athletes

Thousands of elite athletes all over the world trust their health to USANA—more than any other supplement company.

Major partnerships include:

- Women's Tennis Association (WTA)
- U.S. Ski and Snowboard
- Spartan
- USA Wrestling
- Club Atlético Nacional S.A.
- Hanwha Eagles
- AFC Bournemouth
- China's General Administration of Sports Training Bureau (sponsored by BabyCare, USANA's wholly-owned subsidiary in China)

Building a Foundation for Health

Every day, your body produces billions of new cells. They take in nutrients, grow, and duplicate. Providing optimal nutrition for these cells is essential to your health.

Micronutrients—vitamins and minerals—are vital. **Vitamins** are essential for normal metabolism, healthy growth, and development. **Minerals** are elemental components of enzymes and enzyme systems. They also support immunity, regulate metabolism, and aid digestion.*

Diet and nutrition are important factors in the maintenance of good health. As healthy dietary choices decline, so does your body's natural ability to perform at its optimal level.

Adding high-quality vitamin and mineral supplements to your balanced diet and exercise routine is the easiest way to support your health.*

You are unique, and your health regimen should be too. You deserve **personalized nutrition** that addresses your overall macronutrient and micronutrient needs. If you want to think and perform at your best, USANA is the company for you.

Your Body Is in a Constant State of Flux

Your cells and tissues are continually rebuilding, renewing, and regenerating.

They need vitamins and minerals to support these processes for many important reasons:

- Your entire blood supply is renewed every three to four months.
- The majority of the proteins in your body are replaced every six months.
- Almost your entire skeleton—which we usually think of as permanent—is renewed/remodeled about every 10 years.

Unique Innovations

- **USANA InCelligence Technology:** "Delivers key nutrients that speak to your cells to activate your body's natural ability to respond to occasional stress and support normal, healthy aging.*"
- **Hybrid Technology:** State-of-the-art approach featuring bilayer tableting, allowing previously distinct products to be joined into a single formula.
- **Olivol®:** USANA's unique extract that contains antioxidant polyphenols derived exclusively from olives.
- **Poly C:** Patented blend of mineral ascorbates that provide better bioavailability than ascorbic acid alone.
- **MyHealthPak:** Makes personalized nutrition convenient by allowing you to create your own AM and PM supplement packs.

Research and Development

USANA employs and relies on more than 60 scientists—nutritional biochemists, molecular and cellular biologists, pharmacists, and sports science experts—to research and develop products based on the latest nutritional scientific discoveries. They work in state-of-the-art laboratories to test, study, and continuously improve our product line.

Research Partners

A tremendous amount of research goes into each USANA product. To create cutting-edge nutritionals, our in-house scientists have collaborated with these—and other—distinguished institutions.

Creating Opportunity

The Industry

Direct sales in the United States represents \$40.1 billion in retail sales. In 2020, the United States had over 41.8 million direct selling customers, which shows more people than ever are starting their own businesses and taking control of their lives.

Step Up Your Side Hustle

Earn a little extra cash by sharing the products you love. Work whenever you want, as much or as little as you want—you're in full control of your success. And you'll never go it alone. The USANA family brings you instant access to a supportive community, along with business-building tools and trainings to help you succeed.

Be Part of a Community

There are hundreds of thousands of USANA Associates around the globe who have a common goal in mind—to create the healthiest family on earth. You're surrounded by other individuals who are passionate about health and committed to service. We call it the USANA family.

Be Courageous

Life begins right outside your comfort zone. Explore new talents. Challenge yourself. Do something different. Decide to open yourself up to new possibilities and potential. As you develop your business, you'll become more confident, and you'll see the impact you are making in the lives of others.

Earning Income With USANA

As a USANA business owner, you can earn a modest supplemental income by recommending and selling products to your friends, family, or social media followers. Your success is based entirely on your effort. You develop your business in a way that works best for you and your personal goals.

SHARE WHAT YOU LOVE

Selling and sharing products can be easy. You don't need to buy any inventory or fulfill any orders. Simply share your favorite USANA products through your personal USANA website link—or create custom product links—with friends and family or on social media. You'll earn commission each time someone purchases through your link, and USANA processes and ships the order for you.

BEST WAYS TO EARN

When your customers click on your link, they'll have a choice to either sign up as a Preferred Customer (PC) or check out as a guest. If they create a free PC account, they'll get the Preferred Price—10% off the retail price. Customers who check out as a guest will pay full retail price.

RETAIL BONUS

If your customer checks out as a guest and pays the full retail price, you'll receive the Retail Bonus. This commission is equal to the difference between the retail price and the Preferred Price—usually between 10–20%.

PREFERRED CUSTOMER (PC) ORDER BONUS

If your customer signs up as a PC, you'll receive the PC Order Bonus—an automatic 10% commission based on the price of the purchased product. Excited to grow your business and build a team? Check out USANA's Base Compensation Plan.

UNDERSTANDING THE USANA COMPENSATION PLAN

As a USANA Associate, you're paid based on product sales. You also have the opportunity to earn when you build a team of Associates, like you, who share USANA products with others and develop teams of their own. How much you earn is in direct correlation with how much product you and your team sell.

Base Compensation Plan

Here's a simple breakdown of how you can earn income.

▶ BUSINESS CENTER

The easiest way to look at your USANA business is that you're building your own stores.

▶ POINTS

Each USANA product has a point value. These points accumulate to your overall volume when product is sold to your Associates or customers. These points translate into your commission as you build your USANA stores.

100 PTS.

▶ GROUP SALES VOLUME-GSV

This is the cumulative volume of sales (in points) you and your team earn. You can earn weekly commissions based on the GSV you and your team collect on each side of your USANA Store or Business Center. Sales from both Associates and Preferred Customers on your team are tallied every week.

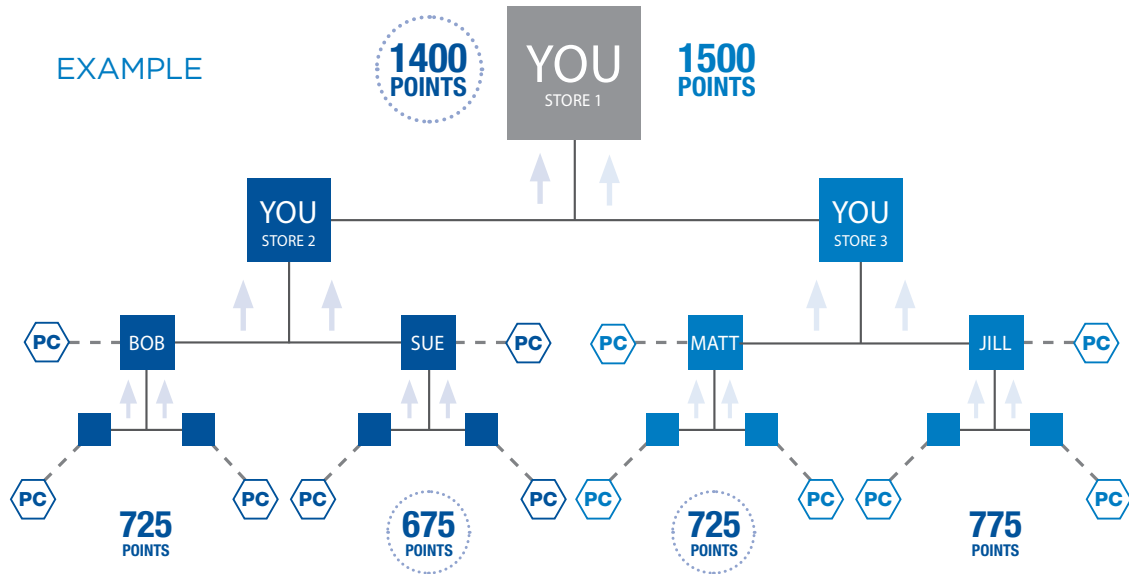

$$\begin{matrix} \text{Healthpak} \\ 100 \text{ PTS.} \end{matrix} + \begin{matrix} \text{Healthpak} \\ 100 \text{ PTS.} \end{matrix} + \begin{matrix} \text{Healthpak} \\ 100 \text{ PTS.} \end{matrix} + \begin{matrix} \text{Healthpak} \\ 100 \text{ PTS.} \end{matrix} = 400 \text{ GSV}$$

▶ COMMISSION QUALIFICATION

To be eligible to receive commissions through the Compensation Plan, you must generate at least 200 points in Personal Sales Volume (PSV) every four weeks. PSV includes any products purchased for personal use, along with purchases made by your personally sponsored PCs. Generating volume through product sales to PCs is an ideal way to ensure you remain commission qualified.

Pro tip: Check out our discounted Product Experience Packs worth 200 SVP that make it easy to qualify for commissions immediately.

EXAMPLE

Matched total:

STORE 1	1400				
STORE 2	675	=	2800	x	20%
STORE 3	725	=		=	560
					Commission Points

Commission: Check for the week:

STORE 1	STORE 2	STORE 3
Right Rollover: 100 Points	Left Rollover: 50 Points	Right Rollover: 50 Points

HOW YOU GET PAID

You'll earn a 20% commission based on where the points on the left and right sides of your Business Center(s) match. Find where the points (GSV) on your left side match your right side, and multiply by 20% (or 0.2). This total equals your Commission Points for the week. Points are converted into your country's currency. In the United States, one Commission Point is equal to one U.S. dollar.*

*As long as you're commission qualified and in good standing with your Associate agreement.

*The earnings/lifestyle portrayed are not typical. Earnings are calculated on sales to consumers; no sales or commissions are guaranteed. Success results only from your diligent efforts. For typical earnings, see the Average Annual Earnings Chart: www.usaincome.com

1 Commission Point = 1 USD

Remember, any points remaining unmatched will roll over to next week.

Optimize your earning potential by placing your volume strategically to ensure you're making the most of your business. It's up to you to determine where you place product sales in your Business Centers to match Group Sales Volume and turn it into Commission Points.

*As long as you're commission qualified and in good standing with your Associate agreement.

Want to participate in the Base Compensation Plan, but don't want to manage your volume placement on your own? You can opt to randomize your volume placement and still take advantage of the Base Compensation Plan. Go to Team Manager on The Hub to learn more.
